NOTICE TO THE STUDENTS	
Read the instructions carefully listed below and sign the box: 1. Calculators with extensive memories, and any kind of computers and USB storages are not permitted in the classrooms. 2. Cell phones and smart watches should either not be brought to the exam hall or be **totally switched off** (not in silent or flight modes) and kept in your bag/coat. 3. Permitted material to be kept on your desks are; pencils, sharpeners, erasers (and in case you may need: water and tissues). **Pencil boxes are strictly forbidden**. 4. Check your desk for any **graffiti**; the graffiti related to the course will be treated as an attempt to cheat. 5. You are not allowed to **talk** to other students during the exam whatever the reason may be. 6. Disobeying the above rules will be severely penalized and a **disciplinary action** will be conducted. 7. Please **prepare your IDs (with photos)** on your desk for identity check.

Midterm #1 (120 Mins)

Question: Implement the following web page using *external style*. You can see some (not complete) **hints** about the CSS properties of the page. **For missing properties, you need to find approximate values for them by yourself**. You can, of course, use your own method/properties if you want. This page is responsive, and in mobile version, you need to change several CSS properties (given in the grading part). **You can see screenshots of desktop (***desktop.jpg***), mobile (***mobile.jpg***) versions, and hover effect on "Send" link button in "***send_hover.jpg***"** in the given zip file. You will set approximate margins and paddings. The page should look like the given screenshots but it does not have to be exactly the same.
